PE 182H	Online Fitness	Rev	Postponed per SAC request. The committee discussed whether it's appropriate to specify the delivery modality in the course title. Overall, the committee felt it was not the appropriate place to signify to students a course is taught online. The primary reasons were for clarity to students (other courses are online but do not note anything in the title), as well as concern that PE may want to continue teaching this course in other modalities (hybrid or on-campus) and the title would not fit then. The committee suggested to signify the modality elsewhere in the course schedule.			✓
