Discussion:

Committee Spreadsheet

- Members instructed not to enter comments above the phrase "QUESTIONS SENT TO SAC", only below the phrase in order to keep better track of what has and what has not been addressed. To enter a space below the phrase, use **alt** + **enter** on a PC, or **option** + **return** on a Mac.
- Positive feedback: continue to leave comments on the spreadsheet but make sure they do not contradict the constructive feedback for revision. Still always a good thing to make a positive comment during the meeting as well – organic, short and elegant – but be mindful of time constraints with a full agenda during busy months.

Summary of Retreat Topics

- Patty is compiling the committee's responses to the Jamboard discussion questions about CCOG's and will share those at a later date.
