

Portland Community College
Chemical Hygiene Committee - Cascade
March 12th, 2021

- I. MSDSonline Updates
 - a. Important changes for viewing inventory locations and generating labels
 - b. Updated training and resources in MyCareer@PCC and as part of H&SM Ch 8 Hazard Communication.

- II. Annual Safety Training
 - a. Safety topics presented by EH&S will be moving to online modules
 - b. In-person campus/department specific training will still be handled by each department.
 - i. Future discussion to determine logistics such as when it should take place and what safety topics and activities should be included.

- III. Return Planning
 - a. Adapting for COVID-19 procedures
 - i. Labs will most likely resume during the “Full Return” phase
 - ii. Contemplate what requirements might be in place regarding physical distancing and what changes will be needed for the lab space and prep to ensure those requirements are met.
