

Portland Community College Oregon Transfer Module (OTM) Informational Worksheet

2019-2020

For use only with new students who do not yet have an electronic GRAD Plan degree audit.

During their first term students should view their progress through their GRAD Plan audit, which is accessed via the student's MyPCC account.

The Oregon Transfer Module (OTM) provides a one-year curriculum for students who plan to transfer to a state of Oregon community college or university. The module allows students to complete one year of general education foundation course work that is academically sound and will meet the admission standards of the receiving school.

Upon transfer, students may be required to complete additional course work in general education, or an academic major, that is specific to the receiving institution. Students who transfer prior to the completion of the Oregon Transfer Module will have their courses individually evaluated by the receiving institution. Students must complete a minimum of **45 credits** of lower division course work with a grade of "C-" or better in order to receive credit for the Oregon Transfer Module. A minimum of one course must be completed at PCC.

1) FOUNDATIONAL SKILLS

WRITING and ORAL COMMUNICATION
