Discussion:

- Fall retreat is currently in planning stages. May happen during Winter term instead, at our “extra meeting.”
- How do we incorporate the occasional “case studies” we encounter in meetings – those rare and unique cases that have a singular bearing on curriculum?

- **Gen Ed** – Recap on the current work being done through ELIWIG (the EAC/LAC integration workgroup). The formation of an ad hoc committee with members from the DSACs, CC, DAC, and LAC is being discussed. That group will determine the specific logistics and details of how it functions. More updates coming in the December meeting, and a call for CC members who are interested in joining the ad hoc committee.
