Discussion Items:

Approval of February 18 discussion minutes

Approved as presented

Equivalent courses/Mutually exclusive course/Cross-listed courses

Co-scheduling is a decision made at the CRN level by the SAC/Deans, it is not a curriculum issue – it is recommended that it remains a CRN decision. A similar example is faculty qualifications – yes, they are tied to curriculum but the committee does not review or provide oversight, it is done through a separate process. As a result it was pulled off of the curriculum form.

Committee recommends the descriptions mutually exclusive and equivalent definitions as presented

Review of current draft document of style guide (ongoing)

Possible optional field for 'date last revised' for course outcomes (if time)

Review of guidelines for reading outcomes (if time)
